“a journey of thousand miles begins with a single step”

THE RELIABLE DMC

Anglo Indiago Travels (p) Limited

Anglo Indiago Travels is India`s most revered Travel and Destination Management Company since 1997, with the head office in New Delhi India, established by Balbir Singh Gill. After seeing too many travellers leave India dissatisfied, we felt we could make a positive difference and do far better.

With this in mind, we started "Indiago", visiting many countries and Travel Fairs in Europe, in order to reach out to as many people as possible. We spent many months travelling and drove more than 45,000 kilometres in order to offer our clients the best information possible.

This has been our non-stop journey to date. We have learned so much from this marvelous industry and have met wonderful people who have given us tremendous support. That is why we are here and every day we have something new to learn. From our first small steps, we are proud to see the increasing

numbers of new clients and repeat travellers, who now choose to travel through us.

We have our own deluxe and air-conditioned transportation with professional English-speaking uniformed chauffeurs. They take care of your every need, while you are exploring your destinations.

We use high-tech modern communication and have an expert travel team, which is our mantra for success. We speak Hindi, Punjabi, English, Spanish, French and other European languages.

OUR DESTINATIONS
